2026

Hallettsville, TX

- Multi-agency training
- Hosted by Hallettsville Police Department
- In coordination with Hallettsville ISD

A 10-hour, multi-agency training day: officers from different agencies work the same force-on-force scenarios inside a Hallettsville ISD campus, with trained Guardians as role players, building the agency-and-school coordination HB 33 calls for.

WHAT OFFICERS TRAIN

- ✓ **Law enforcement initial incident response:** first-arriving officer priorities at an active threat on campus
- ✓ **Guardian & marshal initial response:** what armed staff are trained to do, and what they expect from you
- ✓ **Entry and movement tactics** through school buildings
- ✓ **Full-scale simulation:** force-on-force scenarios with Ultimate Training Munitions (UTM) man-marker equipment and firearms
- ✓ **Instructor critique:** certified instructors debrief every scenario
